

Notice from the Administrators of Petroplus Holdings AG

Küsnacht-Zurich, 28 September 2012. The administrators have not filed a request to the competent debt restructuring judge for an extension of the debt restructuring moratorium which was granted to Petroplus Holdings AG until 27 September 2012. Based on their knowledge as of today, the administrators assume that the realisation of assets of Petroplus Holdings AG in the context of a debt restructuring composition would not lead to a better result than in the context of bankruptcy proceedings, and that therefore the conclusion of a debt restructuring composition agreement has little prospect of success.
